SUBJECT INDEX, VOLUME 145

Ammodramus henslowii, abundance on reclaimed coal mine grasslands 288
Amphibians, colonization of wetlands 388
effect of beaver impoundments 54
environmental effects on salamanders 39
larval and metamorphosis of three-lined salamander 194
metamorphosis of *Rana* 46
Andropogon gerardii, response to N and water . . . 159
Arkansas, home range and habitat of wild turkey 247

Birds, grassland bird conservation 1
habitat disturbance and species interactions in waterbird colony 18
Henslow's sparrow on reclaimed coal mines . . 288
home range and habitat of wild turkey 247
lesser prairie chicken, influence of landscape 261
predation on artificial nests 29
use of terraces in row crop fields 275
use of mole tunnels 358
Bouteloua gracilis, response to disturbance 147

Canis latrans, mortality 414
Caretta caretta, nesting activity 66
Castor canadensis, impoundment effects of herpetofauna 54
Colorado, habitat, disturbance and species interaction in waterbird colony 18
predation on yellow-bellied marmots 94
response of *Bouteloua gracilis* to disturbance . . 147
Conservation, amphibian colonization of restored wetlands 388
grassland birds 1
Cnemidophorus laredoensis, syntopy between clonal complexes 397
Corynorhinus rafinesquii, home range and habitat 402
use of lepidopteran prey 215
Cynomys gunnisoni, prevalence of *Eimeria* in . . . 409

Desmognathus ochrophaeus, environmental effects on 39
Dioctophyma renale, in wild mink 206

Ecology, animal
amphibian colonization of wetlands 388
effect of beaver impoundments on herpetofauna 54
emergence of periodical cicada 176
food habits of swift fox 101
gall producing insects, species richness 219
giant kidney worm in mink 206
grassland bird conservation 1
habitat, disturbance and species interaction in a waterbird colony 18
habitat fragmentation and dispersal of gypsy moth 188
Henslow's sparrow on reclaimed coal mines . . 288
host plants of gall producing insects 219
larvae and matamorphosis of three-lined salamander 194
latitudinal variation in survival of cottontail rabbits 127
leg automony of wolf spiders 201
metamorphosis of southern leopard frog 46
nesting of loggerhead sea turtles 66
nesting and prey of *Symmomorphus cristatus* . . 233
predation on artificial bird nests 29
predation on yellow-bellied marmots 94
prey selection by bobcats 80
roost site selection by eastern red bats 120
survival of cottontail rabbits 127
survival of coyotes 414
tree roosts of evening bats 112
Ecology, plant
dynamics of mixtures in wetlands 309
emission of volatile compounds by seeds 419
host plant of gall producing insects 219
interdunal swale communities 137
mycorrhizae and germination of eastern prairie fringed orchid 168
response of *Bouteloua gracilis* to disturbance . . 147
response of grasses to N and water 159
rhododendron reduces resources for tree seedlings 325
secondary compounds in aspen 299
Etheostoma simoterum, clutch and ovum size 74
Eurycea guttolineata, larvae and metamorphosis 194

Fish, snubnose darter, clutch and ovum size . . . 74
Fossils, late tertiary 367

Geomys bursarius, effects on tallgrass prairie 344
Georgia, prey selection by bobcat 80

Illinois, mycorrhizae and germination of eastern prairie fringed orchid 168
predation on artificial bird nests 29
Indiana, Henslow's sparrow on reclaimed coal mines 288
Pipe Creek sink hole late tertiary biota 367
Insects, assortative mating in *Orchelimum* 423
emergence of periodical cicada 176
gall producing, species richness 219
habitat fragmentation and dispersal of gypsy moth 188
use of lepidopteran prey by bats 213
Invertebrates, other than insects
leg autonomy in wolf spiders 201
Iowa, bird use of terraces in rowcrop fields 275

Kansas, emergence of periodical cicada 176
food habits of swift fox 101
plains pocket gopher effects of tallgrass prairie 344
response of grasses to N and water 147

Kentucky, use of lepidopteran prey by Rafinesque's big-eared bats 213

Lasiurus cinereus, mating and embryo resorbtion 210
Lymantria dispar, habitat fragmentation and dispersal 188
Lynx rufus, prey selection 80

Magicicada cassini, emergence 176
Mammals, food habits of swift fox 101
home range and habitat of Rafinesque's big-eared bat 402
mating and embryo restoration in hoary bat . . 210
plains pocket gopher, effects on tallgrass prairie 344
predation on yellow-bellied marmots 94
prey selection by bobcat 80
roost-site selection by eastern red bats 120
seasonal use of lepidopteran prey by Rafinesque's big-eared bats 213
survival of cottontail rabbits 127
survival of coyotes 414
tree roosts of evening bats 112
use of mole tunnels by short-tailed shrews . . . 358
Marmota flaviventris, predation on 94
Massachusetts, interdunal swale communities . . . 137
Meleagris gallopavo, home range and habitat . . . 247
Michigan, habitat fragmentation and dispersal of gypsy moth 188
Minnesota, amphibian colonization of wetlands 388
giant kidney worm in mink 206
Mississippi, coyote mortality 414
survival of cottontail rabbits 127
Missouri, grassland bird conservation 1
Mustela vison, giant kidney worm in 206

New Mexico, prevalence of *Eimeria* in Gunnison's prairie dogs 409
North Carolina, nesting of loggerhead sea turtles 66
rhododendron reduces resources for the seedlings 325
Nycticeus humeralis, tree roosts 112

Ohio, dynamics of species mixtures in wetlands 309
Orchelimum nigripes and *O. pulchellum*, assortative mating 423

Parasites, kidney worm in wild mink 206
Pennsylvania, environmental effects on salamanders 39
Platanthera leucophala, mycorrhizae and germination 168
Plethodon cineris, environmental effects on 39
Populus tremuloides, secondary plant compounds 299
Predation, food of swift fox 101
on yellow-bellied marmots 94
on artificial bird nests 29
prey selection by bobcats 80
prey use in *Symmomorphus cristatus* 233
use of lepidoptera by bats 213

Rana sphenocephala, effects of hydroperiod 46
Reptiles, effects of beaver impoundment 54
nesting of loggerhead sea turtle 66
syntopy between clonal complexes of *Cnemidophorus laredoensis* 397
Rhododendron maximum, effect on resources for tree seedlings 325

Schizocosa ocreata, leg autonomy 201
Schoenoplectus tabernaemontani, population dynamics 309
Sorghastrum nutans, response to N and water . . . 159
South Carolina, effect of beaver impoundments on herpetofauna 54
home range and habitat use of Rafinesque's big-eared bat 402
larvae and metamorphosis of three-lined salamander 194
tree roosts of evening bats 112
use of mole tunnels by short-tailed shrews . . . 358
Statistics, joins test 379
Sylvilagus floridanus, latitudinal variation in survival 127
Symmorphus cristatus, nesting and prey use 233

Tennessee, snubnose darter, clutch and ovum size 74
Texas, gall producing insects and host plants . . . 219
Tympanuchus pallidicintus, influence of landscape 261
Typha latifolia, population dynamics 309

Varacosa tericola, leg autonomy 201
Vulpes velox, food habits 101

Wyoming, secondary compounds in aspen . . . 299
